Kenza Amara

0041772655438 | kenza.amara@ai.ethz.ch | Zurich, Switzerland

RESEARCH INTEREST

Alignment, AI Interpretability, Multimodal AI, working with Large Language Models, Large Vision-Language Models, and Graph Neural Networks.

EXPERIENCE

IBM Mar-Oct 2024
Multimodal XAI - Research Collaboration *Zurich, Switzerland*

- Analyze the impact of the text and image modalities on the LVLM answer and rationale (LLaVa-Vicuna-7B,...)
- Produce a synthetic text-image dataset for VQA and develop a user interface for testing LVLMs.
- Identify the effect of input perturbations (image annotation, complementary/contradictory text descriptions,...)

Microsoft Jun-Aug 2022
AI Research PhD Internship *Cambridge, UK*

- Optimized GNN regression objective with a substructure-aware loss to account for common core structures in molecule pairs.
- Improved feature attribution methods on a recently proposed explainability benchmark.

Meta May-Jul 2021
AI Research Internship *Paris, France*

- Reinterpreted binary-hashing and product quantizers as auto-encoders
- Designed back-ward compatible decoders that improve the reconstruction of the vectors from the same codes, significantly outperforming in nearest-neighbor search.

Daikin Jun-Sept 2018
ML Engineer Internship *Osaka, Japan*

- Developed an optimized ML model regularized by thermodynamics laws
- Improved the predicted power consumption of air-conditioning systems.

EDUCATION

ETH AI Center, Zurich *Ph.D. in Computer Science*, 2021-2025
PhD Advisors: Mennatallah El-Assady, Andreas Krause, Ce Zhang.

ETH University, Zurich *MSc in Environmental Science* 2019-2021

Ecole Polytechnique, Paris *MSc in Computer Science* 2016-2019

Lycée Henri 4, Paris *Scientific Preparatory Program* 2014-2016

SKILLS

Code: Python, R, C/C++, Java

Communication: LateX, React/D3.js, HTML/CSS/PHP, Linux, Microsoft Windows

Languages:

- *Fluent* - English, French, German
- *Intermediate* - Spanish, Japanese

ACTIVITIES

Presentation:
PML4DC ICLR 2022 *Panel Discussion*, Practical ML for Developing Countries

AMLD EPFL 2022 *Lightning talk*, Advances of ML Approaches for Financial Decision-Making

Business - Entrepreneurship:
University of St. Gallen - *Corporate Finance* 2023

Leadership
ETH University - *Teaching Assistant*, Interactive Machine Learning 2024
Sino-French Nuclear Engineering Institute China - *Teaching Assistant*, Mathematics and Physics 2016-2017
